

ORO-NaF

Anti-cavity Sodium Fluoride Rinse

Ideal for: Those prone to tooth decay, patients suffering from Xerostomia and Orthodontic patients.

Clinically proven to be effective in preventing cavities, Oro-NaF is an **alcohol free**, 0.05% sodium fluoride rinse that is available in Ice Mint and Cherry flavour.

Oro-NaF is beneficial to people of all ages who need strong tooth enamel - particularly patients wearing orthodontic appliances, chemotherapy patients and those who are especially prone to tooth decay. Oro-NaF is an effective and easy way for patients to supplement regular brushing with fluoridated toothpaste and water.

Oro-NaF is also recommended for elderly or handicapped patients, hypersensitive patients, periodontic patients, and people living in non-fluoridated areas.
