

ULTRA

# SWIPES

PLUS

## Disinfectant disposable Cloth

A ready-to-use, broad spectrum disinfectant cloth with complete tuberculocidal disinfection.

Ultra Swipes Plus ensures broad spectrum disinfection in both the presence and absence of whole blood against Poliovirus Type 1 and TB (*Mycobacterium bovis*).

Ultra Swipes Plus are an easy-to-use, convenient, and effective hard surface disinfectant, that will minimize the risk of cross-contamination.

The Ultra Swipes are durable, pre-moistened disinfectant cloths that are effective and easy to use. The durable cloths disinfect and deodorize as they clean, destroying a wide range of pathogens, including TB (*Mycobacterium tuberculosis*) and Fungi. They are for use in hospitals, clinics, doctors/dental offices and other areas where the risk of cross-contamination is present.

The cloths are easily dispensed from a canister that conveniently rests on any cart, shelf or counter top. Formulated with a neutral pH, Ultra Swipes Plus can be used on hard surfaces and will not harm metals, rubbers and other man-made materials.

- 3-minute broad spectrum kill
- Convenient re-designed packaging - unique easy to hold canister and lid with easy tear eyelet with great durability
- Durable cloth - will not bunch up during use and will not leave lint behind
- Non-staining, no sticky residue or streaking
- Available in: Canisters and Refills, Ultra Swipes 15 x 17cm cloth, Super Swipes 23 x 25cm cloth, and Scrub n' Swipes abrasive cloth.

*Disinfect with just one SWIPE!*

Ultra Swipes cloth fibers

Competitors cloth fibers

The photomicrographs above were taken at equal magnification. They demonstrate the difference between Ultra Swipes and the competition. Ultra Swipes have a greater surface area and are thicker due to its multi-layered cloth design.
