

PRODUCT PROFILE

GLUTE NEUT

| | |
|--------------------|--|
| Product | Neutralizer for glutaraldehyde and ortho-phthalaldehyde (OPA) solutions. |
| Description | A proprietary organic compound that neutralizes solutions before disposal. |
| Packaging | Box of 16 single use pouches (50 g). |

| Features | Benefits |
|---------------------------------|---|
| <i>Fast Acting</i> | Neutralizes solutions in just 5 minutes. |
| <i>Easy-to-Use</i> | 1 pouch will neutralize 1 litre of 2% - 2.5% Glutaraldehyde or 4 L of 0.55% OPA solution. Solution will change from yellow to red when neutralized. |
| <i>Environmentally Friendly</i> | The natural oxidization process will neutralize solutions for easy disposal. Does not affect organisms used in sewage treatment plants. |
| <i>Safe-to-Use</i> | Eliminates vapours caused by agitation of solution during disposal. Eliminates eye and skin irritations resulting from spills or splashes when disposing of solution. |
